

2517 Adjustable Surround Speaker Bracket

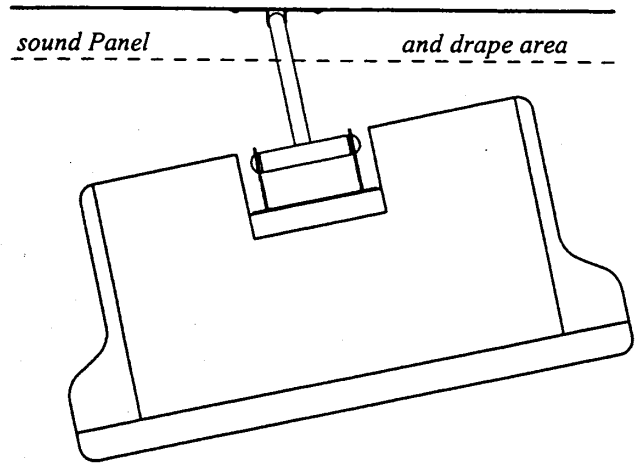

For the JBL Professional 8330A and 8340A Surround Loudspeakers

This mount quickly and permanently attaches JBL 8330A and 8340A surround loudspeakers to walls. Separate pan and tilt features make it easy to aim loudspeakers through horizontal and vertical axes and its extended support arm anchors these speakers through deep sound panels and drapes (up to 2.5" (63.5 mm)).
