

A Few Words About the "Goes Into"

The best use of this list is made when planning and maintaining inventories of replacement kits since all uses of each kit are shown.

It is JBL's continuing philosophy to engage in improvement of its products. These improvements often affect not only current products but discontinued models as well. As each revision of this list is published the Agency should review the current usage listing for each kit in its inventory to assure older versions of repair kits are consumed as quickly as possible.

INTERNATIONAL JBL REPAIR KIT "GOES INTO"

Revision B - Effective May 14, 1984
Replaces Revision A (April 1, 1983)
